APOPHENIA S ANTIDOTE: A PROBABILITY AND STATISTICS PRIMER (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Offering a unique, comprehensive, and multidisciplinary approach to probability and statistics, Apophenia s Antidote is the perfect inoculation against dubious statistics, questionable inferences, and all other varieties of statistical illiteracy. Our brains are natural pattern detectors, which delivered significant survival benefits when our ancestors were prancing around the Serengeti. Instead of ignoring the rustling of leaves--which could very well...

Reviews

An exceptional ebook along with the typeface applied was intriguing to read. It is definitely simplistic but unexpected situations within the fifty percent of the publication. You are going to like just how the writer publish this pdf.

-- **Adeline O'Kon**

This publication is definitely worth buying. It is writter in straightforward words rather than difficult to understand. You are going to like how the writer compose this publication.
