Savannah Street Publishing, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.He was never one to believe in superstitions. Logan Michaels was just your average frat guy enjoying the perks of being an upperclassman (mainly apartment 317 in Wolf Village) until he started losing eight hours of night and determined that those blackouts couldn't be blamed on the Jager. The first suspect was Rob, the buzz-kill who lives on the other side of the apartment, but then Rob went home for the summer, and still Logan lost time for three nights in a row every so often. After seeing a shrink and an MD with no explanation, he had almost resigned himself to waking up on his bedroom floor, covered in filth with no warning on and off for the rest of his life. Then comes Lillie--a beautiful, yet studious girl who somehow resists Logan's charms and promises him the answers his extremely logical mind craves. The question is, can Logan accept her theory, and can Lillie remain aloof with Logan in such close proximity, or will their complex relationship prove more dangerous than either of them can imagine?.
