

Saunders Equine Formulary (Paperback)

By Derek C. Knottenbelt, Fernando Malalana

Elsevier Health Sciences, United Kingdom, 2015. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. This is an indispensable reference for equine veterinary practitioners, veterinary students, and others involved in breeding and keeping horses. This new edition has been fully revised, updated and re-written in a more user-friendly style and format with the inclusion of high quality line drawings and photographs to aid understanding. Also, a conscious decision was made to use generic drug names making this as relevant as possible for everybody working in the equine field all over the world. A listing of haematological, biochemical, physiological, and therapeutic data is contained in just one volume, designed with the final-year vet student and recent graduate in mind. Information on drug dosages and adverse reactions reflects manufacturers recommendations in data sheets and literature inserts. Clinical Aids section provides highly practical advice and quick synopses for the most common scenarios likely to occur on a field visit, such as bandaging techniques, humane destruction, and restraint techniques. Practical, universal relevance is created by the use of SI units and generic drug names - making this reference useful to everyone working in the equine field all over the world, whether vet student or...
