

## Awakening in the All (Paperback)

By MR Randy S Hall

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Attempting to clarify THE ALL to someone that hasn't experienced it first hand is a fool's errand. There simply is no frame of reference for that person to compare it with and so the image is lost. This book touches on what the experience of awakening in THE ALL is like, but explaining it is not the intention. Rather, it is to motivate a person into wanting the experience, to know for themselves the extreme benefit awakening in THE ALL will give them. This book also describes attributes conducive to achieving the goal of awakening. Those that are ready will find the subject fascinating as well as rewarding. Those that have not yet evolved to the point necessary will dismiss it as nonsense and go their way without giving it a second thought. To those of you that have found this book I wish you all the success in the world upon your awakening.

*This pdf is definitely worth getting. Better than never, though I am quite late in starting to read this one. It is extremely difficult to leave it before concluding, once you begin to read the book.*
