HISTORY OF PHILOSOPHY (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from History of Philosophy The purpose of the writer in compiling this text-book has been so to set forth the succession of schools and systems of philosophy as to accord to Scholasticism a presentation in some degree adequate to its importance in the history of speculative thought. Of the text-books that are at present available for use in the lecture room, some dismiss the Scholastic period with a paragraph; others, while dealing with it more sympathetically, treat it from the point of view of German transcendentalism. The result is that even works which succeed in doing justice to the schoolmen are practically useless to students who are more familiar with the terminology of Scholasticism than with that of Hegelianism. The scope of the work has determined not only the general arrangement of the volume, but also the selection of material and of bibliographical references. Under the title Sources, the student will find mention of the most recent publications and of one or two standard works which have been selected as being most easy of access. Bibliography is rapidly becoming a distinct branch of study in the different departments of philosophy. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
