Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.a new age of old age. As people age they change, just as they changed through child and youth development. As children and youth undergo development and emerge differently as a result of their development, so seniors undergo development and emerge differently as a result of their development. Age-able is what an aging senior can do; age-disabled is what a senior cannot do. Age-ability covers a wide field of human functioning, including physical, mental and emotional activities. Assessment of age-ability should include perception, sensation, cognition, and responses to these in regards to behaviours or activities of daily living. And, as mentioned, in particular behaviours and activities that are intimately associated with self-concept, identity and self-esteem for it precisely these that adapt and develop as a human personality undergoes adaptation and development due to seniors aging. At the time when seniors most rapidly lose their capacity to develop and adapt, they must take up significant and critical life changing developmental challenges. Building on concepts from the work of Wolf Wolfensberger (Normalization Principle and Social Role Valorization)...
