

The Influence of Haller Upon Schiller's Early Poems (Classic Reprint) (Paperback)

Filesize: 8.68 MB

Reviews

It is one of my personal favorite books. Sure, it is engaging, and continues to be an amazing and interesting literature. I am quickly able to possibly get a enjoyment of looking at a published book.
(Wellington Rosenbaum)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Influence of Haller Upon Schiller's Early Poems When, at the beginning of the eighteenth century, the derivative proverb of the common folk, Je gelehrter, desto verkehrter applied only too well to the so-called poets of the time when German poetry was at such a low ebb that its true mission was all but lost in artificiality and false idealism, we can not be too grateful to the earnest, serious-minded philosopher, whose keen wit and straight forward song not only rescued the poetry of his own age, but prepared the way for the great men who should follow him. Albrecht von Haller instead of seeking some far off Aëria, as depicted in the Robinson Stories found, in his own Alps a hero worthy of song. Though this man, neither during his life-time nor after his death gained the title of popular poet as understood in the narrow sense of the word still, he was read much in all cultured circles of Germany and, to be sure, even after Klopstock and Lessing had come to the front. Compared with the beautiful, finished artistic style of the later poets, Haller's didactic verse might well answer to the charge of heavy and cumbersome. Having been born in Switzerland, his German, too, is not beyond reproach, but despite these rather deplorable faults, the spirit of true and beautiful poetry permeates his work. It was Haller who gave to German literature the beginnings of the so-called Lehrgedicht which the pen of Schiller was destined to bring to perfection. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction...
